

CHECKER PLATE PLATFORM TAIL LIFT

Model: TR1000 & TR1500

The TR models offer a heavy duty capacity to make light work of heavy jobs. With a vertical lift, the TR models are the perfect solution when the dock height is greater than that of the truck floor and with a big platform accommodates large loads or pallets of goods... a proven performer "Built to Last".

Features

- Built to Australian Standards
- All pins are zinc plated – 25mm diameter for added strength and durability
- Power closing and opening of platform
- Solid construction for maximum loading stability
- Level ride operation
- Removable hand held controls for operational flexibility
- Hand control is IP65 rated for reliability
- Fixed controls in lockable weather-proof metal box
- Heavy duty 2.2kw power pack with 10m of battery cable
- Starter solenoid with silver contact (150A) for reliability
- Power pack in weatherproof & noise dampening enclosure
- Hydraulic test point for safe and easy maintenance
- Control unit without electronic components for ease of servicing
- Removable key battery isolator prevents unauthorised use
- Lift cylinder flow restricted for safe lowering
- Durable, non-slip platform surface
- Low profile ramp for easy loading of goods
- Pressure compensated hydraulics for a consistent operating speed
- Pressure relief valve helps prevent overloading
- Double wire-braided hydraulic hoses for durability
- Low maintenance bushes and greasing provision for smooth operation and long life
- Servicable cylinders help reduce maintenance costs
- Manually activated platform stowed safety lock
- Comprehensive operating instructions and safety decals
- 24 months conditional parts and labour warranty
- Can be removed and re-installed when vehicle changeover occurs
- Good retained value in secondhand market, due to Tieman's "Built to Last" proven performance

Platform in stowed position.

Platform raised at truck floor level.

THE TIEMAN ADVANTAGE

✓ **Deal with the leading specialists for expertise and the best solutions**

Since 1953, Tieman's engineering excellence has earned its products the "Built to Last" reputation. Today, Tieman is the Australian tail lift leader and our years of experience are put to good use in product development, advice and service.

✓ **Professional service for enhanced longevity**

Tieman's planned service agreements ensure regular and professional servicing for enhanced reliability and longevity. Your tail lift is likely to outlast its vehicle if properly maintained and can be easily transferred to another vehicle.

✓ **Training for safety**

All tail lift owner's manuals include a risk analysis in compliance with Plant Regulations and includes operational instructions, maintenance tips and safety advice. At your request, we can arrange for an on-site demonstration for correct and safe operation of your tail lifts.

✓ **Spare parts fast and 24 hour, 7 day support, Australia-wide... 1300TIEMAN**

Tieman's fleet of over 70 service vehicles operates 24 hours a day, 7 days per week, around Australia. Factory trained technicians are always on call in case of emergency and a comprehensive range of genuine parts is available at all times for swift delivery throughout Australia.

	TR1000	TR1500
LIFT CAPACITY	1000kg	1500kg
PLATFORM SIZE	2390mm W x 1250mm L + 280mm L ramp	2390mm W x 1600mm L + 280mm L ramp
PLATFORM FINISH & CONSTRUCTION	Painted 1 piece steel checker plate	
PLATFORM SUPPORT CHAINS	No	Yes
LOAD CENTRE	400mm	
NOMINAL UNIT WEIGHT INSTALLED	592kg	675kg
NOMINAL CENTRE OF GRAVITY OF UNIT WHEN STOWED	50mm out from rear body	
FITTING REQUIREMENTS	1700mm max floor height unloaded Min height n/a Nil underbody clearance required	
ADDS TO VEHICLE LENGTH	300mm nominal	
BATTERY ISOLATION SWITCH	Yes	
CONTROLS	Removable IP65 rated two (2) button hand control c/w 2.75m lead plus fixed controls in lockable weather-proof metal box	
LIFTING OPERATION	Power up / gravity down	
SPEED DOWN	Adjustable flow control factory pre-set to maximum 100mm/sec	
CLOSING / OPENING OPERATION	Power assisted	
PLATFORM STOWED LOCK	Manual heavy duty locking pin	
LOW MAINTENANCE BUSHES	Yes	
PINS	Zinc plated ø25 mm dia. high grade bar	
HYDRAULIC POWER PACK	Heavy duty 2.2kw in weather-proof noise dampening enclosure
